Wing Chair

Named after the swooping shape of its bold backrest, the Wing Chair is a timeless piece noted for its contemporary clean cut design. While there are a number of stunning features, the most interesting is the prominent line of stitching across the backrest of the chair. This addition of hand-stitching combined with a slightly sloped stance demonstrates how subtle details can provide the highest visual impact. Whether sipping cognac by a fire with a fluffy cat in your lap, or paying the most mundane of household bills, this chair will make you feel like the king of your castle.
